FOR IMMEDIATE RELEASE

Firm Announces A Deal Closing Of A Heavy Civil Construction Company In Massachusetts

Atlantic Highlands, NJ – June 30, 2026 - [A Neumann & Associates, LLC](#), a market leading Mergers & Acquisitions and business brokerage advisory firm headquartered in New Jersey with multiple offices along the East Coast just announced the sale of a Heavy Civil Construction company.

This established Heavy Civil Construction Company provides road construction and bridge repair as well as water, sewerage & drainage systems and pump stations. The firm enjoys significant operating margins and documented profitability with considerable owner benefit. This business currently operates from a 3 Acre facility with 6,700 SF of office, storage and vehicle/equipment repair and maintenance space.

The company enjoys a strong competitive advantage in its service area as a result of a twenty-year history of successfully bidding and completing multiple state and local construction projects.

It is projected that the new owner will obtain significant additional growth by bidding aggressively in its current target area and by expanding their efforts into neighboring regions. This effort will allow the company to grow upwards of 20% annually with significant gross margins. The company has been fully reviewed and internally appraised at 3.2 x EBITDA (2024). There is \$1.4M in Net Working Capital plus another \$7M in Fixed Assets included in the deal.

As in many previous transactions, A Neumann & Associates successfully provided the introduction to various acquisition lenders for this \$11M transaction.

###

A Neumann & Associates, LLC is a professional mergers & acquisitions and business broker firm having assisted business owners and buyers in the business valuation and business transfer process for the past 20 years.
